Members of the Town Board

From: Water & Wastewater Department

RE: Water & Wastewater August Report

- Collected all required monthly samples. Also collected DBP for Schuyler Falls Morrisonville Water District...
- Meters read, and inventoried. Skip reports completed.
- Operation Reports to CCDH.
- Review of the monthly Planning Board Meeting regarding upcoming projects.
- There were 146 daily job orders, and 386 locates for DSNY including 12 Emergency.
- There were 3 afterhours callouts.
 1. We responded to a call flow pressure on NYS Route 22B. This low pressure issue was the internal PRV.
 2. We were called by the Highway department who received a call from Moore's Highway Department letting us know there was a broken service line on Champlain Drive in Cliff Haven...yup. When we arrived we found the contractor working on the sewer lateral, there was no permit and no plans to contact the Town for an inspection. They hit the water service in the process. We provided materials (charged) in order to get the homeowner's water back on for the night. The sewer lateral was postponed till the next day to allow for the inspection and so the permit could be obtained.
 3. We were called by a trailer park on Cumberland Head with no water. This was also an internal PRV failure.
- Fixed 4 MLV boxes in the Nomad Drive and Runway Drive area.
- Shut off repair 46 Arizona Drive.
- 2 employees attended NEWWA Backflow Certification Course at Town of Plattsburgh.
- Replaced box and stem at 6 Grace Street in Morrisonville.
- Raised 1 manhole on Kaycee Loop Road.
- Rebuilt tailgate on 1-ton dump truck. Also sandblasted box and frame and coated with textured bed liner paint.
- Raised a hydrant on Pinebrook Drive.
- Set up "Taj Ma-Hauler" new enclosed trailer for field work and repairs.
- Hydrant repair on Tom Miller Road.
- Work with contractor for the Cliff Haven Sewer System Rehabilitation Project.

- In the process of closing undergrounds for the sewer project we found some homes on Lakeshore Drive that do not appear to have curb stops.
- Checked on low pressure complaints from Schluter Systems. No issues with the delivery system, these are internal problems.
- Raised a hydrant on Rand Hill Road.
- Picked up the new John Deere Mini-Excavator.
- Cleaned digester at CWWTP.
- Raised hydrant on NYS Route 22B.
- Ongoing efforts with City of Plattsburgh DPW.
- Flushing in Schuyler Falls.
- Cut in shut offs under pressure at 58 & 60 Lakeshore Drive.
- Dead end flushing on Cumberland Head.
- Rebuilt PRV at Firehouse Lane on Cumberland Head.
- Fire flow testing requested by Schluter Systems on Nomad Drive, NYS Route 22, and Superior Drive. Pressure reducing valves monitored during the flow testing.
- Attempted to assist Park & Recs with their storm water issues at Cliff Haven Rec Park.
- 4 Supervisor/Handlers completed Asbestos Physicals and Respirator Fit Test.
- Redirected sewer flows at Bluff Point Main Station from New York Road to NYS Route 9 after the contractor working for the City hit the force main. We witnessed the repairs, then redirected the flow back to New York Road.
- Met with property manager at Homestead on Ampersand to assist with sewer pump station issues. Did several onsite visits, compiled drawings and information and reached out to Emerick Associates for their review.
- Installed a shut off at 64 Lakeshore Drive under pressure.
- Shut off repair at Adams Drive on Cumberland Head.
- Hydrant flushing on the south end.
- Hydrant flushing in the Morrisonville area of Plattsburgh.
- Pulled and cleaned number one pump at CWWTP.
- In house and town wide vehicle and equipment maintenance and repairs.
- Seasonal beautification.
